

A modern interior space featuring a large, light-colored sectional sofa with several pillows. To the left, there is a fireplace with a warm fire burning inside. A small table in front of the fireplace holds a bottle and glasses. The walls are made of large, textured stone tiles. A potted plant is visible behind the sofa. The floor is a light, polished surface. The entire scene is overlaid with a blue geometric design consisting of a large semi-circle on the left and various triangles and lines at the bottom.

PRODUCT STRENGTH

The company has an experienced original design team and long-term introduction of Italian original design documents, with patterns, styles, and craftsmanship at the forefront of the market. At present, we have processes such as bright light, matte, and soft light, with product specifications covering 1200x2400mm, 800x2600mm, 900x1800mm, 900x2000mm, and 900x2700mm, providing consumers with professional and high-quality product services and space solutions.

A series of superior production and processing capabilities, including high-purity and high whiteness raw materials, advanced global production equipment, fully automated production of high-precision and intelligent density detection systems, enable rock slabs to have excellent physical and chemical properties.
